

## GROUT FINISHER 102280

This double ended Grout Finisher is a convenient dual purpose tool, designed to help achieve perfect grouting line. Scraper end helps to remove excess grout, while ball end produces a neat grout line. It is a perfect tool for a large tiling project, but can also be used to achieve fine finish on a smaller space.

### SCRAPER END

Removes excess grout

### EASY TO CLEAN

Simply rinse with water

### BALL END

Neatly shapes the grout line
