Allows electric straight tile cut till 25 mm thick and mitre cut till 18 mm thick.
Includes TVR diamond blade diameter 125.

GREAT SEPARATION POWER

Dual-function pliers.

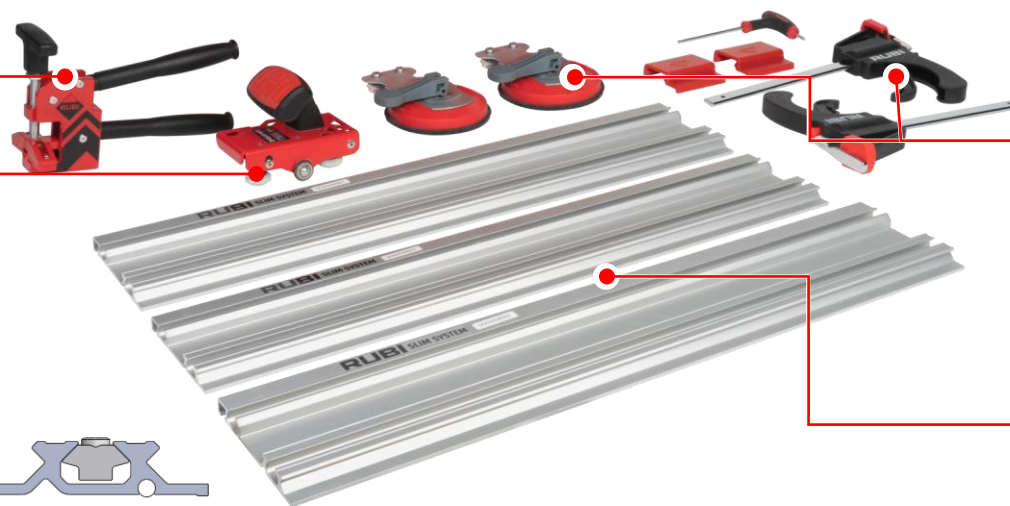

NEW

PERFECT FINISH, WITHOUT CHIPPING

Better grip of its pivoting scoring head, with perfect sliding on the guide, and its scoring wheel
Extreme of 22 mm diameter.

NO STEPS BETWEEN GUIDES

Perfect height positioning thanks to the shape of truncated rectangle pyramid of the connectors and slot.

PERFECT HOLD OF THE SET ON THE WORKPIECE

Two rough material suction cups and two quick clamps avoid any movement of the guide while cutting.

CUTTING OF TILES UP TO 150 CM.

Three 65 cm extruded aluminium guides that can be linked together.
