

SAFETY DATA SHEET

Extra Strength Fix-A-Floor Bonding Adhesive for Loose & Hollow Tile Repair

SECTION 1: Identification of the substance/mixture and of the company/undertaking

1.1. Product Identifier:

Product Name: Extra Strength Fix-A-Floor Bonding Adhesive for Loose & Hollow Tile Repair

1.2 Relevant identified uses of the substance or mixture and uses advised against

Identified uses Adhesive
Uses advised against No specific uses advised against are identified

1.3 Details of the supplier of the safety data sheet

| | | | | |
|----------|----|---|----|---|
| Supplier | UK | Electrics Warehouse Ltd (Fix-A-Floor UK) 79 Blackford Road Shirley, Solihull B90 4DA +44 (0)121 270 8883 www.fixafloor.co.uk sales@fixafloor.co.uk | EU | PH Tegeltechniek Schoepenweg 45 8243 PX Lekystad The Netherlands +31 (320) 769 143 www.fixafloor.nl service@fixafloor.nl |
|----------|----|---|----|---|

1.4. Emergency telephone number

Emergency telephone In case of emergency call NHS 111, EU 112, local emergency services or a doctor
Office UK +44 (0)121 270 8883 EU +31 (320) 769 143 Office hours: Mon-Fri 9am – 5:30pm

SECTION 2: Hazards identification

Classification according to Regulation GHS : Not classified as hazardous

Classification according to Regulation (EC) No 1272/2008[CLP] : Not classified as hazardous

There are no substances of High Concern contained within Fix-A-Floor as listed in Annex IV of REACH in accordance with article 2(7)(a)

2.1. Classification of the substance or mixture

- -

None - Fix-A-Floor does not contain any substances of high concern

2.2 Label elements

Hazard Statements

P101 – If medical advice is needed, have product container or label at hand.

Precautionary Statements

P102 Keep out of reach of children.

P262 – Do not get in eyes, on skin, or on clothing.

P301+P330+P331 – IF SWALLOWED: Rinse mouth. Do NOT induce vomiting.

Precautionary Statements P302+P352 IF ON SKIN: Wash with plenty of water and soap.

P333+P313 If skin irritation or rash occurs: Get medical advice/ attention.

P305+P351+P338 IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.

P337+P313 If eye irritation persists: Get medical advice/ attention.

2.3 Other hazards No further information on hazards available.

SECTION 3: Composition/information on ingredients

3.2. Mixtures

| Components | CAS-No | EC-Number | Percent % |
|------------------------------------|--------------|-----------|-------------|
| Vinyl Acetate - Ethylene Copolymer | Trade Secret | 607-457-0 | Proprietary |
| Water | 7732-18-5 | 231-791-2 | Proprietary |

Registration Number UK-20-5207072155-1-0000

SECTION 4: First aid measures

4.1. Description of first aid measures

| | |
|---------------------|---|
| Inhalation | Move affected person to fresh air. Seek medical attention if any discomfort continues. |
| Ingestion | Rinse mouth thoroughly with water. Keep affected person under observation. Seek medical attention, Show container & this Safety Data Sheet to the medical personnel. |
| Skin contact | Wash skin thoroughly with soap and water. If irritation persists call a physician. |
| Eye Contact | Rinse immediately with plenty of water. Remove any contact lenses and open eyelids wide apart. Continue to rinse for at least 15 minutes. Get medical attention if irritation persists after washing. Show this Safety Data Sheet to the medical personnel. |

4.2. Most important symptoms and effects, both acute and delayed

| | |
|----------------------------|--|
| General Information | Not classified as hazardous. May cause |
| Inhalation | Irritation/discomfort No specific symptoms |
| Skin contact | shown May cause irritation |
| Eye contact | May cause eye irritation |

4.3. Indication of any immediate medical attention and special treatment needed

Notes for the doctor No specific recommendations

SECTION 5: Firefighting measures

5.1 Extinguishing media

Suitable extinguishing media The product is not flammable.
The product in solution form does not burn. The product will burn only after the water it contains is driven off. For dry polymer, use alcohol resistant foam, carbon dioxide (CO₂) or dry chemical.

5.2. Special hazards arising from the substance or mixture

Hazardous combustion products Carbon oxides. Carbon Dioxide (CO₂). Thermal decomposition can lead to release of irritating and toxic gases and vapours

5.3. Advice for firefighters protective actions during firefighting

Special protective equipment for firefighters Use air-supplied respirator, gloves and protective goggles

SECTION 6: Accidental release measures

6.1 Personal precautions, protective equipment and emergency procedures

Personal precautions Contaminated surfaces will be extremely slippery. Avoid contact with the skin and eyes

6.2 Environmental precautions

Environmental precautions: Do not flush into surface water or sanitary sewer system

6.3 Methods and materials for containment and cleaning up

Methods for cleaning up Soak up with inert absorbent material (e.g. sand, silica gel, acid binder, universal binder, sawdust) Keep in suitable containers for disposal. Contaminated equipment (Brushes, rags) must be cleaned immediately with water. Dispose of in accordance with local regulations.

6.1. Reference to other sections

References: For personal protection, see Section 8. For waste disposal, see section 13.

SECTION 7: Handling and storage

7.1. Precautions for safe handling

Provide adequate ventilation. Avoid contact with skin and eyes. Product may contain hazardous volatile ingredients which could accumulate in the unvented headspace of drums or containers. Open containers in ventilated area. Do not breathe vapor. During longer storage small amounts of carbon monoxide may form. To the best of our knowledge, no OEL (Occupational exposure limit) is exceeded during the intended use. Containers/tanks may only be entered after thoroughly executed ventilation while considering national regulations and international standards for inspection of containers/tanks. In any case of doubt a measurement of the CO concentration is necessary.

7.2. Conditions for safe storage, including any incompatibilities

Storage precautions protect from Frost. Store in closed original container at temperatures between 5°C and 35°C. No special protective measures against fire required.

Storage Class Chemical storage. Keep tightly closed in a dry and cool place. No special technical protective measures Required.

Incompatible Products Any Hydro-chemical product may decrease the efficiency of Fix-A-Floor

7.3 Specific end use(s) The identified uses for this product are detailed in Section 1.2.

SECTION 8: Exposure Controls/personal protection

8.1. Control parameters

| | |
|--------------------------------------|---|
| Occupational exposure limits: | No exposure limits established |
| Protective Equipment | A safety shower and eyebath should be readily available |
| Appropriate engineering controls | Provide adequate general and local exhaust ventilation and good extraction |
| Eye/Face protection | Wear safety glasses with side-shields compliant to standard EN166:2001 |
| Hand Protection | Wear protective latex gloves when there is a reasonable chance for skin contact. |
| Other skin and body protection | Wear impervious clothing and latex gloves when there is a reasonable chance for skin contact. |
| General advice | Avoid contact with skin and eyes. |

SECTION 9: Physical and Chemical Properties

9.1. Information on basic physical and chemical properties

| | |
|---|---------------------------|
| Appearance | Liquid |
| Colour | Milky White |
| Odour | odourless (Very Low |
| Odour threshold | VOC's) Not determined |
| Viscosity / pH | 2300 cPs 1.00 |
| Melting point | Not determined |
| Initial boiling point & range | 100°C (212°F) 8.9 lbs/gal |
| Flash Point | Not applicable |
| Evaporation rate | Not determined |
| Evaporation factor | Not determined |
| Flammability (solid, gas) | Not determined |
| Upper/lower flammability or Explosive limits | Not determined |
| Other Flammability | Not determined |
| Vapour Pressure | Not determined |
| Vapour density R | Not determined |
| Bulk density | 4.5 |

9.2 Other information. No further relevant information available.

SECTION 10: Stability and reactivity

10.1. Reactivity

Reactivity No hazardous reactions. Stable under recommended storage conditions

10.2. Chemical stability

Stability No particular stability concerns

10.3. Possibility of hazardous reactions

Possibility of hazardous reactions No potentially hazardous reactions known

10.4. Conditions to avoid

Conditions to avoid: Do not Freeze

10.5. Incompatible materials

Materials to avoid: Water or any Hydro-chemical product may decrease the efficiency of Fix-A-Floor

SECTION 11: Toxicological Information

11.1. Information on toxicological effects

Toxicological studies are not available for this product. Observe the usual hygienic measures for handling chemicals

SECTION 12: ECOLOGICAL INFORMATION

Ecotoxicity

Ecotoxicological studies are not available for the product. According to experience, the material has no harmful effect on the environment

SECTION 13: Disposal considerations

13.1. Waste treatment methods

Waste should be treated as controlled waste

General information

Dispose of waste to licensed waste disposal site in accordance with the requirements of

Disposal methods

your local Waste Disposal Authority

SECTION 14: Transport information

General

The product is not covered by international regulations on the transport of dangerous goods (IMDG, ICAO, IATA, ADR/RID, TDG) Hazard warning labelling in accordance with relevant EC-Directives is not required

 SECTION 15: Regulatory Information

15.1 Safety, health & environmental regulations/legislation specific for the substance or mixture

National Regulations

The data should be considered when making any assessment under the Control of Substances Hazardous to Health Regulations (COSHH) and related guidance, for example, 'COSHH Essentials' (United Kingdom).

This product satisfies all the requirements of the European Inventory of Existing Chemical Substances (EINECS).

Contains no substances at or above the reporting threshold.

15.2. Chemical Safety Assessment

This product is not hazardous according to EEC Directives 67/548/EEC and 88/379/EEC

 SECTION 16: Other information

Revision Date: 01/02/2026

Revision: 14

SDS Number: 85403C

SDS Status: Approved

Risk phrases in full: NC Not classified

HMIS: **Health: 1** **Flammability: 0** **Physical hazard: 0**

Sources of key data used to compile the datasheet

Information contained in this safety data sheet is based on Fix-A-Floor owned data and public sources deemed valid or acceptable. The absence of data elements required by ANSI or 1907/2006/EC indicates that no data meeting these requirements is available.

This information relates only to the specific material designated and may not be valid for such material used in combination with any other materials or in any process. Such information is, to the best of the company's knowledge and belief, accurate and reliable as of the date indicated. However, no warranty, guarantee or representation is made to its accuracy, reliability or completeness. It is the user's responsibility to satisfy himself as to the suitability of such information for his own particular use. User must meet all applicable health and safety standards. Material Safety Data Sheets are provided on the Internet by Fix-A-Floor as a service to its customers. Possession of an Internet MSDA does not indicate that the possessor of the MSDS was a purchaser or user of the subject product.
